# Contact us

The Lymphoedema Service direct telephone number is **0191 246 9050**.

The Outpatient Department is open Monday to Friday between 9.00am and 5.00pm.

If you have any concerns or queries please don't hesitate to get in touch on the above telephone number. Messages can be left on our voicemail if no one is available to take your call. We will always get back to you.

---

This leaflet is available in a range of formats. Please ask a member of staff if you require a different format. Thank you.

# You'll find the warmest of welcomes from our team of experts at the **Lymphoedema Service.**

## **About St Oswald's Lymphoedema Service**

St Oswald's Hospice Lymphoedema Service is recognised as a centre of excellence and it is the largest specialist Lymphoedema service provider in the North East.

The Lymphoedema Service at St Oswald's Hospice aims to offer a service to individuals with Lymphoedema and Lipoedema - whatever the cause. We help patients to understand their condition and offer advice on how they can adapt everyday activities in order to successfully control their Lymphoedema or Lipoedema.

We treat patients with both palliative and non-palliative care needs. We have clinics at our main hospice site in Gosforth, and also outreach clinics in Gateshead and North Tyneside. If you would like any further information about our Outreach Clinics please get in touch. Please remember, we want you to feel as comfortable as possible during your visits so if you've any questions or comments after reading this information, please let us know.

**The treatment we receive from the Lymphoedema team is the most vital - it has such a big impact on 'W' and our family.**

# Your first appointment

Prior to your first appointment, you might have a few questions about what to expect. Hopefully this leaflet will answer them but if you have any questions please contact the service at our main site at Gosforth on **0191 246 9050**.

During your appointments we want to make sure you feel as comfortable as possible. Because of this, we'd like to remind you that you are welcome to bring a friend or family member with you to any of your Lymphoedema appointments. Please also note that there may be particular occasions when we need to examine the area affected, and if you would like someone present during the examination please make your Lymphoedema clinician aware.

## During your appointment

Your appointment will take place at our Main site in Gosforth or at one of our Outreach Clinics. Please refer to your letter to make sure you have the right clinic before setting off to your appointment, If you're unsure, always remember you'll be able to call our Lymphoedema Team on 0191 246 9050.

Your initial visit to the Lymphoedema Service will take approximately 90 minutes. During this time we will obtain a full history from you to ensure that you receive the appropriate treatment. You will also receive information about your swelling and risk reduction/prevention advice.

An examination will be carried out and measurements may be taken of the affected area.

We will then be able to advise on the four elements that make up the treatment of Lymphoedema and Lipoedema management: **skin care, lymphatic drainage keeping active, compression garments (including bandaging) and maintaining a health weight.**

## What to wear

Please ensure you wear loose clothing to your appointment. You may be required to undress during your appointment depending on your treatment, so please wear suitable underwear. Also, depending on the area you require treatment you may also not be able to wear certain footwear, when leaving the service.

## Living Well with Lymphoedema

You may like to get involved with our "Living well with Lymphoedema" sessions. The sessions aim to give you the ability to successfully self-manage your condition. You can attend two sessions over two weeks at our Main site at Gosforth and can bring a family member or carer, so they can learn about the condition too. Please ask your Lymphoedema Practitioner for more information about how to sign up for the sessions.

## Planning the care and support you need

Your practitioner will carry out an assessment and plan a programme of treatment with you at your appointments. We're happy for relatives, carers or friends to be present if you wish.

All information shared with the clinical team will be treated in the strictest confidence (see 'Data Protection' on page 8). Other professionals, outside of the service who have previously been involved in your care or may be in the future, are considered to be part of the clinical team caring for you. When planning your care the clinical team will work with you, your family and carers and your community support (if you have any), to ensure you receive the support you need.

Sometimes we may need to share information with other healthcare professionals at St Oswald's Hospice, and also those external to the Lymphoedema Service. In this instance, we will always ask you if we have your consent to do so and whether you would like to be sent a copy of this information.

## Cancelling your appointment

If you are unable to attend an appointment please contact the Outpatients Department at St Oswald's Hospice on **0191 246 9050** as soon as possible. Please note that if you "do not attend" (DNA) your appointment, we will send you a letter asking you to contact us within 4 weeks to schedule another appointment. If you do not respond, we will send you another letter explaining that if you don't get back in touch, you'll be discharged from the service.

**Please note we try to avoid cancelling or changing appointments, however there are occasions when this is unavoidable.**

**The lymphoedema staff and volunteers are skilled, professional, patient, warm and caring. The same applies to the receptionists, patient transport drivers and admin staff.**

# St Oswald's Hospice Team

## **Kath Clark, Matron, Day Services**

Kath manages all Day Services, which includes the Focus on Living Centre, and the Lymphoedema Service.

Kath is also the clinical lead for the Lymphoedema Service.

In addition to Kath, all of our practitioners are qualified healthcare professionals who have undergone specialist training. At your appointment you will be seen by one of the Lymphoedema team and we will ensure that you see the right person at the right time for your care and treatment.

## **The wider care team**

As well as our Lymphoedema Service, our Day Services incorporates the Focus on Living Centre. We also have an Adult Inpatient Unit and a Children and Young Adults Service. Our multi-disciplinary team includes: doctors, nurses, auxiliary nurses, social workers, complementary therapists, chaplaincy, occupational therapists and physiotherapists.

## **Volunteers**

We have over 800 volunteers at St Oswald's Hospice who donate their time and skills to support staff in almost every aspect of Hospice life. Some volunteers work directly with patients, others provide crucial support behind the scenes and in our shops. Without the support of our volunteers, we simply could not provide all our vital services to local people.

## **The role of our Lymphoedema Service Volunteers**

Lymphoedema volunteers work directly with patients. They are trained to work alongside staff to ensure that a high standard of individual care is provided.

You will see lots of volunteers during your visits to St Oswald's Hospice. Their role is varied and can include meeting and accompanying patients to treatment rooms, assisting the team in gaining and recording your information, as well as other tasks such as removal of bandages and washing and moisturising limbs. They can also help in removal/application of compression hosiery and recording limb volume, height and weight measurements.

When our volunteers are not required for direct patient care, they assist the team by carrying out other administrative tasks. If you do not wish a volunteer to be in clinic during your appointment, please speak to a member of the team.

# IMPORTANT INFORMATION

---

## Health and safety

We are committed to ensuring the health and safety and welfare of everyone who uses our facilities, so far as is reasonably possible. We also fully accept our responsibility for other persons who may be affected by our activities.

If you have any concerns or identify anything you feel maybe a risk to anyone, please let us know as soon as you can. If you have an accident or experience a 'near miss' whilst at St Oswald's Hospice, however small or insignificant you feel it might be, please speak to your practitioner who will follow this up for you.

## Infection control

St Oswald's Hospice recognises the importance of infection control and uses standard precautions in tackling the spread of infection.

We have a number of information leaflets available which detail the most common infections, how to deal with them and help prevent the viruses spreading. If you would like any of these leaflets, please speak to your practitioner.

One of the main ways we can all help to stop the spread of infection is by regular and thorough hand washing. Washing our hands can prevent over 45% of infections from spreading. To ensure we wash our hands as thoroughly as possible, there is a step-by-step guide next to every sink.

Please note that if you have experienced any symptoms of diarrhoea, vomiting and a respiratory infection, within 48 hours of your appointment we ask that you stay at home and re-arrange.

We would ask that all visitors use alcohol gel when they enter and leave the building.

# IMPORTANT INFORMATION

---

## Data protection

St Oswald's Hospice safeguards your personal information in line with the Data Protection Act 2018. A full copy of our Privacy Policy is available on our website or you can ask for a paper copy. We keep confidential personal and health information about you in both paper and electronic format and may share relevant information, with your consent, with other healthcare professionals involved in your care.

Please update us as soon as your contact details change. Please also let us know if there are other people you are happy for us to talk to you on your behalf such as a partner or other relative. We do not routinely share your information with the fundraising part of the hospice and therefore the fundraising team may not know that you are a patient as well as a supporter.

You have a number of rights under the Data Protection Act including access to the data we hold about you. If you would like access to your health records or have any concerns or queries about how we use and manage your information then please contact the data protection officer at [dataprotectionofficer@stoswaldsuk.org](mailto:dataprotectionofficer@stoswaldsuk.org)

## Accessing your information

You have a legal right to apply for access to health information or other personal data held about you. If you'd like to access your health records or personal data held by St Oswald's Hospice, you can do so verbally by asking a member of the team or in writing using our request form, which can be downloaded at <https://www.stoswaldsuk.org/who-we-are/being-accountable/access-to-records/> and sent to:

Data Protection Officer

# Telling it like it is

## Comments and suggestions

We are committed to providing quality services and are constantly seeking ways to improve the care offered to you, your family, carer and friends. Any suggestions or comments as to how we could improve our services are very welcome.

Feedback boxes (like little post boxes) are located in Main Reception, Focus on Living, Outpatients and the Smoking room. Please complete the appropriate slip with your comments and suggestions. All comments and suggestions are given consideration and if possible the suggested improvements will be made. We acknowledge all identifiable suggestions.

## Your opinion matters

From time to time we carry out patient surveys and gather feedback. This is to make sure we are providing relevant and quality services for you and to comply with Care Quality Commission standards.

If you are asked for feedback, although it is not compulsory to take part, we would be very grateful if you could take the time to give us your honest feedback and comments.

## Your feedback matters

Got something to say about how we do things? Tell us!

We'd really love to know what you think so we can keep doing the good stuff - and change the not-so-good stuff.

Visit our website: [www.stoswaldsuk.org/who-we-are/being-accountable-complaints-concerns-and-feedback/](http://www.stoswaldsuk.org/who-we-are/being-accountable-complaints-concerns-and-feedback/)

Or simply scan the QR code below with your smartphone camera and it will take you straight to our feedback page.

# A bit more about us

## Lymphoedema Service aims

### What are we here for?

- To help people with Lymphoedema and Lipoedema to live a normal life
- To help people with Lymphoedema and Lipoedema to live an independent life
- To help people live with Lymphoedema and Lipoedema as part of who they are

### What do we do?

- We put the our patients at the centre of what we do
- We follow a holistic approach, ensuring we address not just a patient's physical symptoms, but their psychological and emotional needs too
- We understand, we listen, we support, we educate, we collaborate, and we care.

## Extra information and support

### Northern Lymphoedema Support Group (NLSG)

The NLSG hold their meetings at St Oswald's. If you'd like to come along or find out more please contact Julie on **07935 587 989**.

### Lymph-notes

St Oswald's Hospice has a dedicated newsletter for patients Lymphoedema. It's available to download from our website and via email. If you would like to be added to our mailing list to receive a copy email [patientfeedback@stoswaldsuk.org](mailto:patientfeedback@stoswaldsuk.org)

### Facebook

Groups include 'Lymphoedema is part of who I am' and the 'Lymphoedema Support Network'. We also have our own St Oswald's Hospice Facebook page so please 'like' us.

### X

You can follow the Lymphoedema Support Network at [@lymphsupport](https://twitter.com/lymphsupport) or St Oswald's Hospice [@stoswaldsuk](https://twitter.com/stoswaldsuk).

# How to find us

**St Oswald's Hospice, Regent Avenue, Gosforth, NE3 1EE**

Thank you for taking the time to read this information. If you have any questions please ask a member of the team. There is a series of leaflets produced in-house and by the Lymphoedema Support Network available in clinic, which your practitioner will provide. There is also a Patient Information Hub within the Adult Services section of our website. This includes downloadable copies of all St Oswald's Hospice produced leaflets.

Visit [www.stoswaldsuk.org/adults](http://www.stoswaldsuk.org/adults)

This leaflet is available in a range of formats. Please ask a member of our team if you require a different format. **Thank you**

We are a registered charity and rely on voluntary donations and legacies to enable us to care for patients and families.
